We want to assure you that we take the health and well-being of our community, patrons and pool staff very seriously. In light of that, we want to share just a couple things that we are doing to ensure everyone's safety.

The most important task we ask of each of you is to self-evaluate before coming to the pool. Cough, shortness of breath/difficulty breathing, chills, muscle pain, headache, sore throat, loss of taste/smell, diarrhea, fever and known contact with someone who has been confirmed Covid-19 positive are all reasons you should NOT enter the pool house. If you appear to be unwell, you may be asked to leave.

To help prevent the spread of COVID-19, we will be practicing CDC guidelines and have a staff person designated each day to disinfecting and deck duty. Adults that would like a chair you can bring your own chair and must take it home with you each visit. The pool will not have chairs on deck.

Masks are optional, if you choose to wear a mask you must provide your own we will not be providing them. Staff working the front desk will be wearing a mask.

When you enter the pool house, there will be hand sanitizer available for you to use or you can proceed to the restroom and wash your hands with soap and hot water for 20 seconds.

The pool staff will be taking extra steps in disinfecting and keeping the pool house and pool deck clean. Following CDC guidelines.

We are working to provide the safest environment as possible for our staff and our community to stay active and healthy while giving our youth a place to feel safe and enjoy summer!
